Self-installation instructions and advice are provided for your convenience. It is your responsibility to determine if you have the knowledge, skills, and physical ability required to properly perform an installation. Offroad shall have no liability for damage or injury resulting from the installation or use of any Offroad or third party products. It is your responsibility to ensure that all products are installed in adherence with local laws and regulations and in such a manner as to allow a vehicle to be operated safely and without distraction. Offroad product warranties do not cover the installation, removal or re-installation of any product.

WARNINGS

- Do not mount accessories in front of or near the path of airbag deployment.
- Check vehicle compatibility before installation to avoid damage to air vent bezel.
- Designed to work with OEM air vents. Not compatible with aftermarket air vent modifications.
- Do not mount heavy devices and/or use with long extension arms. Check the rated weight limit.
- Mount electronics away from air flow to prevent heat damage.

COMPONENTS

Clamp

L-key

01

Using the L-key provided, slightly loosen the two screws on the bottom of the clamp.

Do not fully remove the screws - keep a few threads engaged.

02

Clamp is designed to fit into the seam between the nav unit and the bezel.

Gentle push lip into position.

*See "Fitment Note" section of the instructions for more details.

03

Hold the clamp in position while tightening screws.

Alternate tightening 5-6 times until both screws are equally snug.

Fitment Note

Clamp is designed to fit from the mid-section of the screen to the very bottom. For best results, mount towards the bottom.

Clamp can also be mounted on the driver and passenger side of vehicle.
